Education

MIT Academy Of Engineering, Pune

Bachelor of Technology in Computer Engineering | CGPA: **8.83**

November 2022 – June 2025

Pune, Maharashtra

Government Polytechnic, Osmanabad - MSBTE

Diploma in Computer Engineering | Percentage: **92.00%**

August 2019 – July 2022

Osmanabad, Maharashtra

Rajarshi Shahu Vidyalaya, Nitali

SSC, Board | Percentage: **83.40%**

June 2016 – May 2019

Osmanabad, Maharashtra

Relevant Coursework

- Cloud Computing
- Database Management
- Operating Systems
- Software Engineering
- Computer Networks
- RedHat Linux

Technical Skills

Programming Languages: C++, HTML, CSS, JavaScript, SQL, NoSQL

Technologies and Tools: AWS, EC2, AWS RDS, S3, DynamoDB, MongoDB, MySQL, Git

Developer Tools: IntelliJ IDEA, VS Code, Postman, GitHub, Android Studio, Eclipse, Apache Netbeans

Experience/Internships

SDE Intern

June 2024 – August 2024

CompTech IT Solutions

Remote

- Worked with front-end and back-end technologies to build interactive user interfaces. Designed and maintained database schemas. Automated deployment processes using AWS CI/CD pipelines for faster software delivery.
- Worked with Google Firebase to manage user inputted data across multiple platforms including web and mobile apps.
- Collaborated with team members using version control systems to organize modifications and assign tasks.

Projects

FoodyPicky | HTML/CSS, JS, MySQL, AWS, CodeCommit, CodeBuild, CodeDeploy, CI/CD

August 2023

- Developed a full-featured food ordering system with user authentication, real-time order tracking, and automated notifications. Implemented a user-friendly interface for menu browsing, order placement, and payment processing, backed by a robust MySQL database.
- Deployed on AWS Cloud using CI/CD pipelines for automated code commit, build, and deployment, ensuring high scalability and reliability.
- [Code Link](#) | [Deployed Link](#)

Resume Ranker | ReactJS, GeminiPro

August 2023

- Built a platform for job seekers to upload multiple resumes and apply to jobs based on role-specific relevance.
- Integrated Gemini Pro LLM to evaluate and rank resumes against job descriptions based on semantic relevance.
- Enabled recruiters to post jobs, set minimum match thresholds, and automatically shortlist candidates.
- Integrated a messaging feature allowing recruiters to directly contact selected applicants.
- Improved the hiring process by automating resume screening and increasing recruiter efficiency.
